REASON - FAITH - RESPECT

THE PRINCIPAL'S MESSAGE, MR. HUSSEIN OUBANI

Assalamu'alaikum warahmatullahi wabarakatuh,

I wish to extend a warm welcome to our students and their families. We have had a truly remarkable and exciting start to the school term. I am extremely pleased with the progress and resilience of our students in settling in so well. I am so delighted that you are all part of our learning community and welcome and value your positive mindset and dedication to educational excellence, character building and holistic learning.

Over the course of the term, students will be engaged in a range of activities focused on developing your child's wellbeing, emotional regulation, social engagement and developing responsibilities. Students will also partake in a range of spiritual activities aimed at developing students' foundational knowledge of Islam. The focus of the Islamic Studies curriculum at Arrahman College is to familiarise our students with the Islamic beliefs and practices and to enhance their understanding of the practical dimension of their faith. Students will learn essential parts of the life of Prophet Mohammad (PBUH), and (Ahlul-Bayt), and recognise their significance to Muslims and the world.

I acknowledge the amazing work and dedication of our dynamic teaching and support staff. Staff have worked tirelessly to ensure a smooth transition to the school term. I take this opportunity to thank all our wonderful families for their support and generosity during the last couple of weeks. Your feedback and contributions are highly regarded, and I encourage you to reach out to me should you have any questions or concerns.

May Allah (SWT) guide us and have mercy upon you!

IMPORTANT ANNOUNCEMENTS

CANTEEN - The initial operations of the canteen will commence in Week 3. The Canteen will only operate on Wednesdays and Fridays serving a limited menu. More information regarding the operations of the canteen will be announced on Monday of Week 3.

SENTRAL - The Sentral Parent Portal is now ready. Please follow the instructions provided in setting up and linking your child's account.

TERM 1 FEE PAYMENTS - Invoices for the remaining Term 1 fees will be issued to all families during Week 3 via the Sentral Parent Portal. Please advise the College as soon as possible if you would like to pay the annual tuition fee as one lump sum payment and take advantage of our 5% upfront payment.

SEESAW - Seesaw is a powerful learning management system that will be rolled out during Week 3. Seesaw provides families with an opportunity to communicate with your child's class teacher, view your child's progress in class as well submit/ receive homework tasks.

SURVEY - We kindly request your support in taking the time to complete a summative survey. Your feedback is an integral component of our successful operations and highly valued. We are committed to providing our school community with an exemplary service. The survey questions are based on our operations, communication, transportation, uniform and general services provided.

MISS FATIMA MCHAWRAB

A very well done to all Kindergarten students on their smooth transition into their first year of school.

They have done a great job adjusting to our daily routine and practising our classroom rules and procedures.

Kindergarten have been hard at work, learning and exploring their school environment in all learning areas. Arrahman College has created a learning environment that aids the development of their fine motor skills, gross motor skills and language development. Students will explore and discover the world around them while enjoying hands on lessons and activities that support their learning.

I am looking forward to a successful year ahead, helping spark students' imagination and bring learning to life!

MISS RAMZIA ALI

It is wonderful to meet and see all the beautiful students starting school this year. We have had an amazing and smooth transition to year 2. We have not only been working hard, but also showing great talents and resilience.

I am proud of my amazing students so far and what they have learnt and what they will achieve throughout the year. I can't wait to see what my beautiful space conquerors will achieve throughout the year.

In English students are learning about book reviews and in maths this week we are focusing on arranging numbers of up to three-digit numbers in ascending order.

And I can't wait to see you all grow up and reach for the stars!

MISS SAJA ALASSADI

Students spent their first day of school designing their classroom, practicing important skills such as team building and revising some school rules. Students transitioned into their schooling routine smoothly, practicing their 5L's almost instantly.

In Mathematics, students have been learning about Data collection and graphing as well as Whole numbers- counting to 100, numbers before and after, and Ordinal numbers. In English, students have been practicing their phonemes, vowels, and syllables. They have also been learning about Narratives, partaking in a storybook unit as well as practicing how to deliver News.

Year 1 students have done an exceptional job so far! Looking forward to many more weeks filled with loads of fun and learning inshallah!
